

2025 WINDROCK VINEYARD PINOT NOIR

WINDROCK VINEYARD

WindRock is our newest estate vineyard, developed in partnership with the Pisoni family. Planted in 2021, just north of Garys' Vineyard, the site sits in a rugged, wind-swept outpost defined by persistent coastal winds and rocky, upturned soils. Every detail of the vineyard's design reflects two generations of winegrowing in the Santa Lucia Highlands, with row orientation carefully chosen to balance sun exposure against the powerful winds that sweep through the site each afternoon. WindRock is planted entirely to Pinot Noir, and in the cellar, the wines see a slightly higher proportion of whole cluster to complement the vineyard's natural structure. Our 2025 vintage is our inaugural release.

WINEMAKER NOTES

The 2025 WindRock Pinot Noir is our first vineyard-designated bottling from this exciting new site which we farm with the Pisoni family. A blend of Calera and Pommard selections, it opens with dark cherry, leather, and lifted herbs. Tobacco leaf and spiced fruit add depth on the palate, while a delicate floral note brings another layer of complexity to the wine's dense fruit and mineral character. We are proud to introduce WindRock as a distinct new expression of the Santa Lucia Highlands.

Winemaker: Scott Shapley

Appellation: Santa Lucia Highlands

Farming: Sustainable (SIP Certified)

Harvest: September 27 - 28, 2025

Clones: Calera, Pommard

Fermentation: 14% whole-cluster
